THE CITIZEN.

SATURDAY, - FEBRUARY 20, 1875.

LOCAL MATTERS.

THERE will be divine service at 11 a. m.
to-morrow in the court-house by Rev. F.
O. Bartow.

For years past, Fort Defiance has been
regarded as in New Mexico, but now it is
located in Arizona by the Postoffice de-
partment.

SOME very excellent hams, shoulders
and bacon of Peter Kitchen's make, are
now in this market. Mr. Kitchen cannot
be excelled for curing this class of meat.

JUAN N. RODRIGO has sold to Henry
Buchman the photographic gallery in
Tucson and all the stock belonging to it.
Mr. Buchman is turning out excellent
work.

THE weather during the week has been
admirable—excepting the time it rained
early in the week, and on Thursday night,
when there was some very emphatic
thunder. Yesterday morning the sun
shone brightly.

DISTRICT court is to meet one week
from next Monday, when it is expected
there will be a grand jury selected in ac-
cordance with the new jury law—the
drawing we understand having occurred
yesterday.

E. N. FISH & Co. are putting a new roof
on and otherwise improving their store-
house on Congress street back of THE CIT-
IZEN office. We observe that work on the
new public school-house is going on. A
large lot of foundation stone is on the
ground.

We are informed that the rains of last
Monday and Thursday gave the troops at
Camp Lowell a pretty lively time and wet
quarters. The roofs leaked in a way none
liked. Snow fell in the mountains back
of the post, and in fact all the
high mountains got a fresh coat of snow.

WM. B. HOOPER & Co. have the hearty
thanks of THE CITIZEN proprietors for
prompt dispatch of their freight per Mon-
tana. We understand they made extra
efforts on behalf of their customers in fix-
ing up the charges on consignments by
that steamer, and sent the goods forward
with the utmost promptness.

THE supervisors of Pima county met on
last Saturday to cause to be prepared a list
of all persons qualified and liable to serve
as grand and trial jurors. It was ordered
that extra assistance to the extent of \$12,
if required, be employed, and that the list
be taken from the poll lists of the election
held on the 3d of October, 1874.

ON Thursday, Gov. Safford, Dr. Handy
and Mr. Hogg visited the public schools
in Tucson. They were very much pleased
with the progress made and interest man-
ifested. Mr. Horton now has sixty-five
boys in his department and Miss Packer
forty girls and small boys in her room.
The interest in the school is increasing
with all, and the quicker the new school-
house is completed the better.

P. LAZARUS has a lot of cotton seed due
here by train of Goldberg next week. It
would be a good thing if our farmers gen-
erally would procure some seed and plant
an acre or two as an experiment. What
has been done with cotton by Mr. Ochoa
of Tucson, Mr. Holmes of Pueblo Viejo,
and several parties in the Gila and Salt
river valleys, proves almost conclusively
that it can be made more profitable than
grain growing, and we hope to see a fair
and general trial of it made throughout
the valleys of Arizona.

SAMUEL DRACHMAN, Esq., who has im-
mediate supervision of the mail line be-
tween Tucson and Apache Pass, left here
on Thursday to examine the stock and
other points of business along the route,
and will be absent seven or eight days.
He informed us that two-horse vehicles
would hereafter be run three times every
week—that is on every trip. This will be
good news to passengers and people hav-
ing business of any kind over the road.
We are very glad to know that the in-
crease of business justifies this step.

SAMUEL HUGHES, R. N. Leatherwood,
John Bartlett and a few others returned
this week from an extended exploring
and prospecting trip along our southern
boundary from the Huachuca mountains
east to the head of the San Simon valley.
They report no mining discoveries, but
found extensive tracts of most beautiful
grazing and farming lands. Plenty of
water, grass, rich soil, timber, and as
every one at all familiar with the country
through here knows, the finest climate on
earth. It is quite likely another trip will
be made that way soon, and if we can get
away, will try and help make it.

TULLY, OCHOA & Co., have a most ex-
cellent copper mine about forty miles
south of here in the Santa Rita Moun-
tains, and have some tons of the ore at
their works in Tucson. They have decid-
ed upon the use of horse power to run
the blower to their furnace, and this in-
volves building new furnaces; the old
ones will be retained for odd jobs. Hon.
S. R. DeLong has just returned from
making a careful survey of the mine just
referred to, for the purpose of accurate
location. The ore which they have in
town from the mine runs up to 29 per
cent. copper. Mr. Ochoa says they intend
to smelt out copper to load their teams
with to the railway, thereby making a
load both ways.

THE arrivals and departures of the
mails and stages from Tucson have been
definitely fixed and we have no doubt will
be worked right up to except in cases of
accidents or detentions by storms. The
new schedule brings the stage here at 2 p.
m. on Tuesdays, Thursdays and Satur-
days, and requires it to depart at the same
hour (if the eastern mail has then arrived)
on Mondays, Wednesdays and Fridays.
We would have preferred an earlier de-
parture after our publication, but all can-
not be accommodated, and hence we are
content. Mr. E. S. Mitchell, of Kerens &
Mitchell, started west yesterday and may
go east before returning. His stay here
was somewhat prolonged in order to see
that the present schedule could be worked
up to and be assured as it could and would
be. We should say, also, that the mail
departs east immediately on the arrival of
the western, and arrives just before the
departure of the western.

THE ARIZONA CITIZEN is for sale but
not at a penny of sacrifice. Neither of the
proprietors owe a dollar on it or any other
score, and they have several hundred dol-
lars' worth of new material due here in
two weeks. They have also decided to en-
large the paper by adding four more col-
umns to it on or before July 1, and adding
somewhat to their length. As we have
always said, just as soon as the business
would justify the step, it would be en-
larged, and the measure is now decided upon.
As it is, we weekly print as much, and
with due respect to others, as valuable
Arizona matter as any paper in the Terri-
tory, and will continue to do so while we
own the concern. The elder proprietor
has always regarded the ownership of the
paper a burden, and his desire to rid him-
self of it now is but little greater than at
any time in the past, save that he expects
to be absent some time and nearly half of
next year. He has labored much harder
and with more care on the paper than any
but himself knows, and he knows the
worth of the property better than any
other one can. Having brought it past
the point where he was obliged to draw
upon his other income to meet its current
expenses, he don't propose, nor does his
partner, to sacrifice anything in the sale,
but will sell to the first party or parties
who offer our price in cash, and that price
is not a dollar above the value of the prop-
erty. In saying this much, we do not
wish to be misunderstood, for we mean
just what we say and nothing else. As be-
fore said, our arrangements are made and
will continue to be made, just as though
we never intended to part with it. We
have over twenty fonts of new type and a
lot of other new material due soon, and
other orders are out and will continue to
go for still more material, for THE CITIZEN
is a fixture, and in an enlarged form as
soon as stated. If men who understand
the business want a paying property that
has grown up and subsists upon a strictly
legitimate income, they need not fear to
invest in THE CITIZEN. Except for busi-
ness locals, not an editorial line in it has
ever been paid for, nor can one ever be
under the present management, nor need
there be for a fair income. It is establish-
ed on an independent basis and on that we
will continue it.

PERSONAL.—Gov. Safford leaves for his
sheep ranch to-morrow and will return in
a few days.

Thomas Ewing left by private convey-
ance on Thursday, for Prescott and Camp
Verde, and will be absent about eighteen
days.

Thomas Cordie, Esq., collector of internal
revenue, arrived from Prescott on last
Tuesday. He is here on official business
and may remain several days yet. We
understand that he has appointed Samuel
Hughes his deputy for this county.

Dr. and Mrs. C. H. Lord will leave for
New York, via San Francisco, by stage
next Monday. The Doctor goes on busi-
ness and to recruit his health which has
not been first rate for some months past.
Their society will be very much missed
here, and we wish they may have a pleas-
ant, safe and beneficial journey and
speedy return.

Col. David Taylor, paymaster United
States army, arrived back here from Leav-
enworth, Kansas, on last Saturday, whith-
er he had been on leave to visit his family.
The Colonel says it was so terribly cold
back there that for two whole days, he
didn't venture out of the house. He is
one of the truly human members of the
human family and we like to see him
round.

An election for village marshal comes
off next Tuesday, and Frank Esparza is a
candidate. Without disparagement to
others who may become candidates, we
regard Esparza as specially well qualified.
The village council has appointed him for
temporary service until after the election.

THE grain fields in the valley west of
Tucson, look very green with the growing
crops, and the cottonwood buds are swell-
ing into leaves. Several kinds of young
vegetables are coming into market. We
noticed nice turnips over two weeks ago.
